

## Parent Instructions for iPad

Use the passcode from the sticker on the keyboard to access the iPad.

Find the Settings Application. On student iPads it is in a folder on the front page.

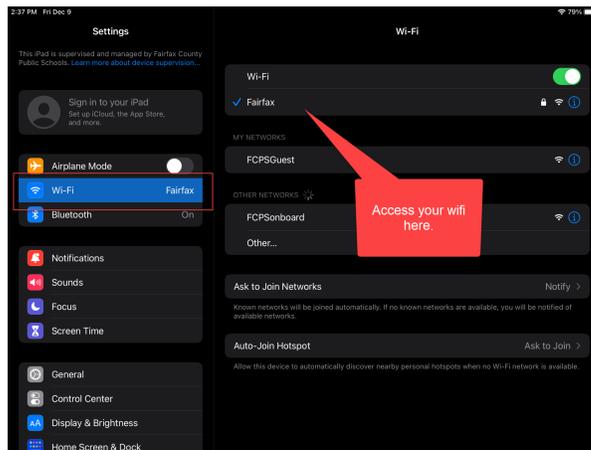

Click the Settings Application.

Click on Wi-Fi

Find your Wi-Fi and click on it to connect.

You probably will need a password to access the Wi-Fi.

We use Schoology and Clever applications in class.

Clever is a hub to access the students' STMath and Lexia applications.

Schoology is a students' virtual classroom. This is where you can access information, access ZOOM, and complete assignments if needed.

Students' log information for Schoology and Google (Clever) is on the sticker on the keyboard.
